

Website workshop Meeting Notes: 17 July 2017

Meeting Notes

Purpose of website redesign

- To modernise the site, and provide a platform for future corporate efficiencies
- There will be separate Social Media / Blogging to launch the site

Key Audiences identified

1. Key Stakeholders
 - a. Tenants (Premises)
 - i. Saturday Wholesales Market CTA – Primary wholesalers
 1. Bring large trucks of food, store on premises
 2. Deal with buyers in Saturday Market
 - ii. Commercial Tenant
 1. Maintenance requests
 2. Rentokill reports
 3. Login area
 - b. Sunday Stallholders (Sunday)
 - c. Truck/Transport operators
 - d. Staff

Goal: to make the site easier for PML and their external parties to work together
2. General Public
 - a. ~5,000 Saturday Wholesale Market Buyers – Secondary wholesalers
 - i. Buy clearance wholesale seafood, meat, fruit and veg for their shop or store from Primary wholesalers
 - ii. Want Rentokill reports for QA
 - iii. Email fit out requests (login area)
 - iv. Request new employee site access cards (after a video, test and F2F meeting). PML then add them to list of authorised personnel
 - b. ~5,000 Sunday Market go-ers, pay for entry
 - i. Look for the price of produce (not available through PML)

Goal: target 2,000 more people in each, get more stallholders
3. Shareholders
 - a. The site aims to be fully transparent, no hidden info
4. Everyone else
 - a. Growers Groups
 - b. Retailer Groups – look for price info (PDF, uploaded from data from Market West)
 - c. Consumers – advertise to, to be a stallholder
 - d. Contractors – need detailed site induction to cover risk

Benchmark Designs

- **Brisbane Markets** <http://www.brisbanemarkets.com.au>
 - o The left Navigation, allows for a large amount of headings
 - o The tiled approach is simple, and allows for a mixture of imagery from produce to a focus on Community / people in Markets
 - o But the design is overly busy, with too much going on, fighting with the background image
 - o Out of all the other Market sites, this is the closest match to Perth as it includes warehouse

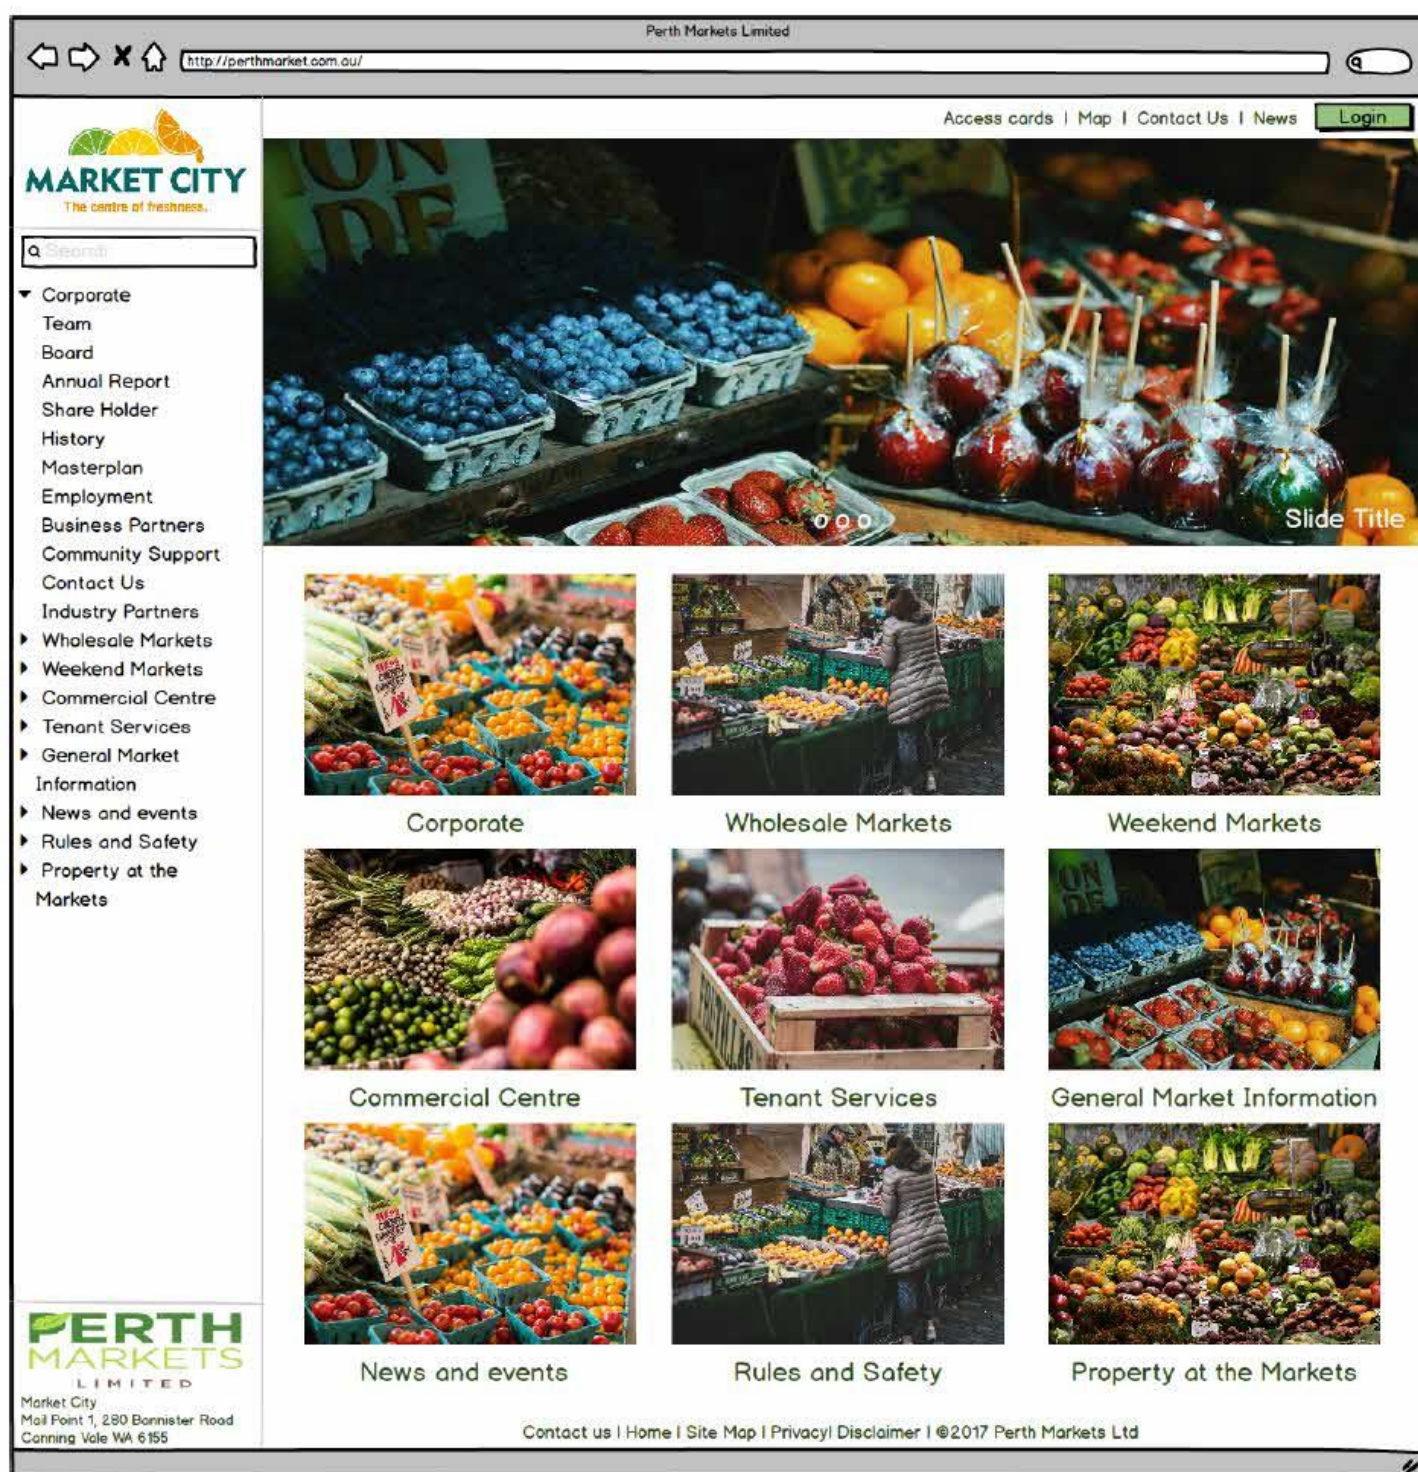

- **Melbourne Markets**

- All the whitespace is very nice, and is more mobile-first design - but our site has more info so this would probably not translate well
- Their end users are wholesale buyers and sellers, not the general public

Wireframes (pre-design stage)

All the pages of your site are expected to use the “Internal” page template with the exception of custom layouts for the Homepage & Shareholder Page. Please review these wireframes and provide your comments prior to us arranging a graphic design meeting to take these to the next stage.

Directory of Stalls

[Home](#) > [Weekend Markets](#) > [Sunday Community Markets](#) > [Directory of Stalls](#)

What is Lorem Ipsum?

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book.

It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

Why do we use it?

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book.
